Professional Summary

UI/UX Designer and AI-Assisted Web Developer focused on Figma, responsive interface design, rapid prototyping, and AI-powered development workflows. Skilled in turning ideas into intuitive digital experiences, high-fidelity prototypes, and functional web interfaces.

Experience

UI/UX Design Intern (2 Months)

Techgentsia Software Technologies Pvt. Ltd.

June 2024 and 2026

Alappuzha, Kerala

- Designed user-centered interfaces, wireframes, and high-fidelity prototypes in Figma.
- Applied responsive design, visual hierarchy, usability, and design consistency principles.

Freelance UI/UX Designer & AI-Assisted Web Developer

2024–Present

Self-Employed

Remote

- Designed responsive websites, mobile interfaces, landing pages, dashboards, user flows, and reusable UI systems.
- Developed responsive websites using HTML, CSS, JavaScript, and AI-powered development tools.

Education

Carmel College of Engineering and Technology

B.Tech in Computer Science and Engineering

2023–Expected 2027

Alappuzha, Kerala

Selected Projects

Food Delivery Mobile App UI

Figma, UI/UX Design

- Designed end-to-end ordering flows, wireframes, high-fidelity screens, and interactive prototypes.

Trip Map Mobile App UI

Figma, UI/UX Design

- Designed a mobile-first travel planning interface focused on route discovery, trip planning, and clear information architecture.

Leadership & Achievements

UI/UX & Figma Workshop Facilitator, Coding Club – CCET

Sep 2026

Conducted a hands-on UI/UX and Figma workshop for 60 students, covering design fundamentals, practical Figma tasks, and digital product design. Coordinated participant e-certificates and supported the complete workshop learning experience.

Design Team Lead – College Magazine

2026

Led the college magazine design team, overseeing visual direction, publication layouts, creative assets, and overall design coordination.

Design Team Lead – TEDx CCET

2024–2026

Led the design team and coordinated branding, posters, stage visuals, social media creatives, and the overall visual identity of TEDx CCET.

1st Place – IEEE Website Design Competition

2025

Designed a modern, user-centered website interface in Figma with strong usability and visual hierarchy.

Technical Skills

UI/UX & Product Design: Figma, Wireframing, High-Fidelity Prototyping, User Flows, Responsive Design, Information Architecture

Design Systems: Auto Layout, Component Design, Interactive Prototypes, Visual Hierarchy, Reusable UI Components

AI & Prompt Engineering: Generative AI, LLM-Based Prototyping, Context Engineering, AI Coding Workflows, UI Generation

Tools: VS Code, GitHub, Netlify, Render, Supabase, MongoDB

Certifications

Google Cloud – Introduction to Generative AI | IBM – Creative & Critical Thinking | Infosys – Basics of Python

KBA – Blockchain Foundation | NPTEL – Certification
